“I’ve had the distinct pleasure of having Fred Eaton coach my son for a number of years in travel hockey, and working side by side with him during his “Total Domination” camps in Brandon. His commitment to coaching is second to none. His training methods and the high intensity methods in which they are conducted leave everyone whirling! He is by far the one of the best Hockey Trainers I have worked with. I fully endorse and highly recommend that all players take part in any of his outstanding programs. Best of Luck Freddie!”
