16-Keri Wessel, Kim Phelps

18 Mike Moschella, Trish Knight

Approve Minutes

Treasurers Report: Doug Walters has taken over for Casey since his move to Tampa. Doug has gotten quickbooks invoices out monthly to everyone showing a balance due.

The mites are paid in full, we have \$85,000 still owed and we should be paid in one month. We need to pay the ice, refs...

Executive Officers Report: Labor Day was a great success, thank you to all the volunteers! We made a profit of approximately \$8500-9500.

Eric states the off ice training session dates will be going out to the team managers. The rink's off ice program was not ready for us so we will be doing extra on ice sessions. The 18's will be working on their own program.

New Business: Ron Robichaud with Florida Sled Hockey spoke to the group about moving the program to Ellenton. The

new name is the Florida Sea Dogs. They want to build the program here and are asking for us to help spread the word. It is designed for physically disabled and mildly autistic athletes. If any of our players would like to try sled hockey and mix with the kids in the locker room and on the ice it is every Sunday 9:30-11.

This program has fundraisers that pay for the program, there is no charge for the kids. He has had several kids go the Olympics.

There is a fundraiser Oct 28 at Motorworks Brewery. Oct 27 they have ice and our kids can try it too. 9am sign up, 10:30-12:30 on ice. They also need volunteers to help push the kids. You can follow them on facebook for more info.

Angela Abrams is going to head a committee for uniforms. We are going to rebrand the logo for next year and getting bids on vendors. She would like to find one local vendor to do all the items including bags, dry fit, jerseys. She wants 5 people on the committee. Possibly get a kickback to the organization and practice jerseys.
